

The school parking lot may be used for unloading horses and parking trailers. You will receive your entry number from the parade officials at this location. The parade will start at the school and go past the firehouse on Market Street. Then it will turn to the right opposite the rodeo grounds. This will allow for traffic to flow smoothly behind the parade to the rodeo grounds.

The emergency by-pass routes are shown in bold lines. Please drive safely and we look forward to seeing you on Saturday.
